OUR NEW FACTORY IN HO CHI MINH, VIETNAM

Ningbo Factory A : 28,000²m²
Ningbo Factory B : 75,000²m²
Vietnam Factory A : 110,000²m²
Vietnam Factory B : 250,000²m²

Changya Newmaterial Technology Co., Ltd. was founded in 2013, and the group is headquartered in Ningbo, China. It is a limited liability company integrating R&D, production and sales. The company mainly produces paper, PLA & plastic and plant fiber disposable tableware, such as straw, cutlery, microwaveable container, clamshell, cup, plate, box, carry out bag, dinning kit, etc.

Changya Newmaterial Technology Co., Ltd. has developed rapidly since its establishment, a growth rate over 30% each year, and has now become a leading enterprise in the field of high-quality disposable food and kitchen supplies in China. Changya products are mainly sold in the international market, and more than 90% of the products are exported to many regions such as Europe, the United States and Australia. Changya adopts strict quality control standards for its products, and has won a variety of international certifications, including BRC, GMP NSF, ISO 22000, GMP, and it has passed LFGB, FDA and other food safe tests. At the same time, it is a member of the international human rights organizations BSCI and Sedex. It has wide recognition and good reputation in the international market.

Changya actively responded to the call of "going abroad" and opened a branch in Ho Chi Minh City, Vietnam in 2017. The first phase of the production base in Vietnam was completed and put into use in December 2018. In Vietnam, Changya have two large factories with a production building area of 360,000 square meters in total. Changya have introduced various advanced domestic and international technologies, achieving digital management and production methods.

Changya Group believes that the earth's ecology is a sustainable future that requires the joint efforts of all mankind. With the rise of express delivery, food delivery, and fast living, the "white crisis" has become an ecological problem that the entire society must face together. As a manufacturer in the new material industry, Changya will build a full line of production and manufacturing of biodegradable products. Focusing on the trinity of earth ecology, industry ecology, and enterprise ecology, we will build a sustainable industry ecology.
